

Yüksel has been awarded a second project in the King Abdulaziz University Campus, in which another project contract was signed in May 2013. The project is the “Construction of Infrastructure of Preparatory Year Zone for 200 Girls” in the university campus. The project belongs to Ministry of Higher Education - King Abdulaziz University and consists of site leveling works, asphaltting works, construction of chilled water, potable water, sewage water, irrigation water systems, electrical network and telecommunication network. The completion period of project is 12 months. The total value of the project is SAR 69.4 million (USD 18.5 million) while Yüksel has equal shares in the partnership with Femco.
