

The partnership composed of Yüksel and Abu Hatim had proposed the best offer with approximately OMR 42 million (USD 110 million) bid value for the “Ibri Yangul Divided Road Project, Section 2” tender, which was initiated by the Ministry of Transportation and Communication on 20 January 2014. The Employer has recently (21 October 2014) announced that the contract has been officially awarded to Yüksel-Abu Hatim partnership. The work comprises earth works, asphalt pavement, engineering structures, road lightings and infrastructure works to be completed within the scope of 34 km main road with 2x2 lanes (main dual carriageway), 3.4 km dual link road and 72 km single link roads. The project site is located in Ez Zahira region (250 km to the west of Muscat), whereas, the duration of the works has been envisaged as 40 months.
